—Our sympathy is extended Matt Thomas, who on Friday last, May 9, 1902, lost one of his little twin daughters, and it was buried Sunday last at the Benton grave yard beside its mother who died March 1st. —Fritz Seeman, of the Green Bay Lumber Co., who has been in Iowa for some time has been transferred to Wiggins, Miss., where the company has large milling interests. —Prof. Kirk, who was present at the graduation exercises of the Oregon schools and presented the diplomas to the graduates, in a conversation with a resident of this city afterwards, stated that in all his experience he had never visited a town where such keen interest was manifested by all the people in school work. He spoke in highest praise of our worthy principal, Prof. Coburn. No more highly, however, than our people will endorse.

—John D. Ahrens, manager of the Corning creamery, is receiving the congratulations of his numerous friends owing to the receipt of the two diplomas making honorable mention of his display of butter at the Pan American Exposition at Buffalo last year. Mr. Ahrens had two exhibits of butter; tub butter and print butter. On the first he scored 90.25 per cent; on the latter 90.75 per cent. The two diplomas are beauties and John appreciates them. There is no doubt Corning has the best creamery in Missouri, and the right man is at the head of it. It is certainly an honor to hold two such diplomas of honorable mention.—Craig Leader.

—Mont Austin, of Forest City, was in attendance at the State Bankers' association in session in Kansas City, this week. This meeting was, however, a kind of an inter-state meeting, for there were bankers from Oklahoma, Kansas and Iowa. We had the pleasure of meeting our old friend, J. C. Hopper, a former Holt county boy, but now a prosperous citizen of Ness City, Kas., being president of the leading banking institution of that city. He says he is prospering, and there is no danger of starving to death, and from the large badge he wore, about the size of a saucer, we would judge that he was prosperous. The badge bore the inscription: "We Have Money to Loan to All of You." He sends regards to all inquiring friends.

—Secretary Yost, of the Missouri commission at the Charleston exposition recently, received 239 certificates of award for Missouri exhibits at the Pan American Exposition last summer. The awards consist of 17 gold medals, 104 bronze and 109 honorable mentions and the certificates will be announced May 10. Mr. S. N. Bucher on Monday of this week, received the certificate announcing the award of a bronze medal to Holt county for his display of apples at the Buffalo exposition. County Clerk Welty will have the certificate framed and placed on the wall in his office. Ice freezes here mighty thick when Holt county fails to capture a prize at these exhibitions. At the Chicago World's fair, Holt took medals on cattle, fruit and canned goods.

—Go to Shambaugh & Co., with your butter, eggs and poultry.

—Uncle George Meyer, who has been so very ill for the past week, is now some better.

—Don't fail to attend the play of "Hazel Kirke" at the opera house, Forest City, next Saturday evening.

—E. O. Phillips and wife, of Savannah, were here for a day or two last week, visiting with Pa and Ma Proud.

—Do you want a bargain? If you do, call and leave \$1.50 and get THE SENTINEL and Kansas City Weekly Star for one year.

—Miss Birda Greene, of Savannah, spent a couple of days here this week, visiting relatives and friends, and former school chums.

—Ote Biggs and family and A. M. Brumback, of Craig, Sundayed in Oregon, the guests of their parents, Hugh Biggs and family and J. B. McDonald and family.

—P. A. Thompson will have charge of the Bigelow school the coming year. He is one of the bright young teachers of our county, and both the school board and Mr. Thompson are to be congratulated.

—Some towns have commenced to discuss the question whether or not they will celebrate the Glorious Fourth of July. So far we have heard of no big celebration to be held in the county but of course there will as usual be two or three.

—The Dramatic club, of Forest City assisted by F. P. Hillman, have been rehearsing the play of "Hazel Kirke" for the past two weeks. Every effort is being made to make the entertainment a grand success. The play will be produced at the opera house at Forest City next Saturday evening.

—Dennis Lower, of Indianola, Iowa, was in the city last Tuesday and made a pleasant call at this office. He was formerly a resident of Holt county, near Craig, but has been living in Iowa during the last two or three years. He is connected with the Indianola Banking Company, of that place.—Atchison County World.

Wall Paper Sale.

T. S. Hinde is selling his Wall Paper at greatly reduced price. Call and see and price his Paper before buying from any one.

—While Will Rankin, near York, Neb., was talking over the telephone during an electric storm last week, he was badly shocked. Better not take the receiver down when lightning is playing. It breaks the circuit and gives one the full benefit of the charge and it may prove fatal. The ground wire renders it harmless when the circuit is not broken.—Tarkio Avalanche.

—The case of the State vs. Giles Laughlin charged with embezzlement while public administrator of this county, and convicted in our circuit court and sentenced to two years in the penitentiary, was reversed and remanded by the supreme court on Tuesday of this week, consequently Petree Bro's, and especially Frank, are feeling good over the result.

—W. E. Everhart has sold his residence property in this city to John Hodgins. The house was remodeled last year and made very attractive. Mr. Hodgins will get possession as soon as Mr. Everhart vacates it to move to Corpus Christi, Texas. It will be remembered that Mr. Hodgins recently moved from his farm near New Point to this city. He has been renting the Fullerton property.—Maitland Herald.

You Need Protection

from Lightning, and right now is the time you should secure it, for it is the season of the year when thunder storms are more frequent than at any other time. Do not

Take Chances With Strangers,

but have your buildings redded by men that you know—men that were born and reared in Holt county, and who expect to continue living in the county. For good, reliable work, and low prices, call on or address,

H. E. PERET & SON,

the reliable lightning rod agents,

Oregon, - Missouri.

—Dr. Ward King was here last week, and went before the county court in the interest of his system of road making. He has been secured by the state board of agriculture to lecture and make practical demonstrations on road dragging, in the various counties of the state. He is especially anxious that this work be tried on the Mound City and Bigelow road, and the Oregon and Forest City road, and is anxious that the county court extend a little aid to do this work. It has been taken under advisement by the court. Mr. Walker, one of the commissioners for this district, heartily favors a trial, and he also has much faith in Mr. King's system. Give it a trial by all means.

THE

Empire King Spray Pump

for spraying orchards.

Will spray 200 trees per hour. We have sold several of the Empire King's and they are doing fine work.

We have ordered a new supply of 50 gallon and 100 gallon outfits.

The Canker Worms are coming, spraying is sure death to them. But don't neglect him, he destroys the foliage, and if the leaves are eaten two years in succession the tree will be nearly ruined and the third year kills it entirely.
